

Facts & Information

What is Mosaic?

Mosaic is the Commonwealth's new financial application that will replace MMARS in 2026.

What Are the Biggest Changes and Improvements?

User Experience

- A new look and feel for the Home Page with improved search functionality and **personalized views** based on business role.
- Simple user interface to enhance the user experience and **streamlined view for managing tasks**.

Single Sign On (SSO)

- With **one ID**, users will log in to Mosaic, Outlook and other Commonwealth applications.
- No need to use VPN to access Mosaic!

In-App Resources

- Get **on-demand access** to in-app how-to videos, links to job aids, policies, and guidelines organized by business area.

Attachments

- **Easily** add attachments for supporting documentation.

Faster Data Access

- No more waiting for overnight queries. Get near **real-time** access to personalized reports.

Errors and Warnings

- No more guessing what's wrong Mosaic provides **errors and warnings that direct users** to errors to take action.

Grants

- New module supports the 7 stages of the Grants Lifecycle.
- **Automatically** populate details for grant opportunities from grants.gov and sam.gov.

Collaboration, Workflow & Approvals

- **Work in draft** and collaborate with teams before official transactions are sent for approval.
- **Follow the workflow** to see completion progress.
