Subject: FY 2021 Annual Capital Asset Inventory Review

Comptroller Memo FY#2021-23

Executive Summary

The memo serves as notice that the annual inventory of GAAP capital assets is underway. Several MMARS reports can be accessed through MobiusView to assist with this effort. **Every department must return a form confirming that the review has been completed.**

Our office has established the inventory controls and reporting guidelines for capital assets and instituted a mid-year and an annual capital asset inventory review. Capital assets are defined as GAAP and non-GAAP capital assets – please see Comptroller's [Fixed Assets - Acquisition Policy](#) for details. **Although the primary focus of this review is GAAP capital assets, departments should also review any non-GAAP assets under their ownership.**

Monthly capital asset inventory reports are available on MobiusView and are defined as:

NGA155SD	Departmental Current GAAP (Non-Memo) and Non-GAAP (Memo) Assets Summary
NGA155SG	Current Active GAAP (Non-Memo) Capital Asset Inventory by Department, Unit, and Asset Type <i>Key report for completion of your inventory review</i>
NGA155SN	Current Active Non-GAAP (Memo) Asset Inventory by Department, Unit, and Asset Type
NGA156SD	Disposed GAAP and Non-GAAP Capital Asset Inventory by Department, Unit, and Asset Type
NGA156SS	Departmental Disposed GAAP (Non-Memo) and Non-GAAP (Memo) Asset Summary

Review of the GAAP capital assets can be completed by utilizing capital asset inventory report NGA155SG found on MobiusView: <https://mobiusview->

prod1.tss.mass.gov:8443/mobius/MVLogin.html. This report reflects departmental GAAP capital asset inventory as of **06/30/2021 and will be available the first week in July**. To assist departments in reconciling their capital assets MobiusView report, the Information Warehouse contains the following view: `dbo_m_fa_fixed_assets_history`. This view is updated monthly in accordance with the MMARS source table and will mirror MobiusView capital assets reports NGA 155* and NGA 156*. The Information Warehouse standard security applies to this view.

Please review and reconcile the report with your inventory for any capital asset additions, disposals or transfers your department has processed and answer the following review questions:

1. **Asset Additions:** Does the current NGA155SG reflect all GAAP capital assets acquired or constructed by your department year to date? If not, please provide details.
2. **Asset Deletions:** Does the current NGA155SG reflect disposals made prior to June 30, 2021? If not, please provide detail.
3. **Asset Transfer:** Was a capital asset transferred from your department to another department during the fiscal year reflected on the NGA155SG?
4. **Asset Not in Service:** Are there any assets listed on the current NGA155SG that are no longer in service? If so, please provide details.

By the middle of July, the annual capital spending reviews will be sent to departments that have expended capital funds during FY 2021. The capital spending review complements this capital asset inventory review. The purpose of the spending review is to help departments assure capital spending which relates to capital assets has been properly captured in the MMARS capital asset system.

Please complete the confirmation form located in the General Outbound (Common Access) section of PartnerNet. Include any variances identified in the review and return it no later than **July 30, 2021** by uploading it to the Comptroller's General Inbound Box on PartnerNet. **Note: The confirmation form should be uploaded to PartnerNet even if your department currently has no inventory.**

All CFOs and GAAP Liaisons have access to upload the confirmation form to PartnerNet. CFOs can designate other department personnel to upload the Inventory Confirmation Form on PartnerNet. Department Security Officers can request access for additional users by submitting a [PartnerNet Security Request Form](#). Individuals needing access to PartnerNet to upload the form will be processed as soon as possible.
