RE: March 2014 Certifications of MBTA Base Sales Tax Revenues and Dedicated
Sales Tax Revenues for FY2015

Dear Secretary Shor and Secretary Davey:

Pursuant to Massachusetts General Laws Chapter 10, Section 35T, this letter certifies for FY2015 the following amounts: 1) MBTA Base Sales Tax Revenue; and 2) MBTA Dedicated Sales Tax Revenue. This certification was done in consultation with the Department of Revenue. The details of the two calculations are shown on the accompanying attachment.

1) Base Sales Tax Revenue Amount: The base revenue amount for fiscal 2015 is calculated by comparing the change in the calendar year 2013 consumer price index for all urban consumers for the Boston metropolitan area as determined by the Bureau of Labor Statistics of the United States Department of Labor to the per cent increase in gross sales tax revenues received pursuant to Massachusetts General Laws chapters 64H and 64I for the same period. The calendar year 2013 "gross sales tax revenues" is defined as sales tax receipts by taxpayers from nonexempt sales, less amounts abated, refunded, or reimbursed. Attachment A presents calculation of the base revenue amount. The percentage increase in base sales tax revenue is the lower of the percent increase in gross sales tax revenues or the inflation rate.

I certify to you that the base revenue amount for **fiscal 2015 increased by an amount of \$11,341,999 compared to the FY 2014 figure of \$799,295,175 due to the inflation rate of 1.419%. The base revenue amount for FY 2015 is \$810,637,174.**

2) Dedicated Sales Tax Revenues (projected): The projected dedicated sales tax revenue is the amount of “monies received by the Commonwealth equal to one percent of the gross receipts of a sale as defined by the provisions of MGL chapter 64H and one percent of the sales price of a purchase as defined by the provisions of chapter 64I from that portion of the taxes imposed under the provisions of said chapters 64H and 64I as excises upon the sale and use at retail of tangible property or of services, and upon the storage, use or other consumption of tangible property or of services, including interest thereon or penalties but not including any portion of such taxes imposed on the sale of meals as defined in paragraph (h) of section 6 of chapter 64H”. Based on the most recent FY2015 consensus revenue estimate of \$24.337 billion, the dedicated sales tax revenue amount for fiscal 2015 is projected to be \$771,547,328, as calculated in Attachment B.

Any shortfall between dedicated sales tax revenue and the base revenue certified on March 1, 2014 will be made up by quarterly transfers from the General Fund, pursuant to the MOU and Chapter 10, Section 35T(b). Based on the attached calculations, the shortfall between FY 2015 dedicated and base tax revenues is estimated to be \$39,089,846.

Should you have any questions on the calculation of this amount, please feel free to call me or Howard Merkowitz, Deputy Comptroller.

Sincerely yours,

Martin J. Benison
Comptroller
